To REGISTER: Call 508-263-9651 or USE QR Code on Back Page
**Stop! Hammer Time**

Come check out the carpentry shop and work with your hands! Under direct supervision, students will get the chance to measure, hammer, and construct. You will build a cool birdhouse to take home and You will learn to collaborate as a team and build an 8’ mini house.

*Week 1 & 2*
*Carpentry*
*Jason Isgro, Andie Nykiel*

---

**Hot Rod University**

Imagine yourself, leaning over the open hood of a car and knowing what makes an automobile work. We will work hands on to better understand the inner working of an engine and we will learn about the original hotrods and how they created a whole new world of recreational and competitive driving.

*Week 2 ONLY*
*Auto Technology*
*Dan Capuano*

---

**Beautiful You!**

*Beauty. Wellness. Self-care. We see these buzzwords everywhere, but what do they mean? In this one of a kind Cosmetology workshop designed for pre-teen and teens, you will explore these questions and more!*

You will create your own beauty vision board, explore self care through the practice of cosmetology basics; hands-on activities in manicuring, skincare and haircare. You will also discover what wellness means to you by building a scrapbook journal. What is the Beauty/Wellness Industry? It’s you!

*Week 1 & 2*
*Cosmetology*

---

**Be a Fix-it HERO!**

Do you love taking things apart? How about learning how things work? In this interactive program you will be able use some new skills to troubleshoot why something, perhaps a small appliance might not be working. Learning a bit about the career of HVAC will open your eyes to how fun and rewarding the field is.

*Week 1 & 2*
*HVAC*
*Paul Durand*
Cooking for Everyone!
Learning to cook is a fun and active way to serve others through food. You will learn to plan, cook, and plate meals. You will make sweet treats, pizza, and much more. You will discover how to pick the freshest produce at the grocery store and cook delicious meals and treats with the resources you have. There is everything to love about a week in the kitchen!

Week 1 & 2  
Culinary  
Lou Trudeau  
Abigail Shenk

Create Beautiful Art with Science
Putting the ‘A’ in S.T.E.A.M-
In this session, students will get to create a variety of art projects while they are learning the science concepts behind the craft. Just a few of the activities include making soap and bath bombs (chemistry), marbleizing paper (solubility), making ornaments (crystalization), and many more.

Week 1 & 2  
Biotechnology  
Kim Stencel  
Maria Bennes

It’s Electric!
It surrounds us every day, but where does electricity come from and how does it really work? Learn how electrons move and current flows. Discover how electricity is generated and see its relationship with magnetism. Build your own circuits and create your own masterpiece.

Students will build, test and experiment with safe, low voltage electrical circuits under direct supervision.

Week 1 & 2  
Electrical Wiring  
Bruce Long, Mike Bizier

CHOICE OF AFTERNOON ENRICHMENT: CRAFTS

Make a T-Shirt Quilt.
Learn to sew by hand and/or with a sewing machine to create a lifelong memory using your old t-shirts. Put the quilt on your bed, hang it on a wall. The memories live on in the quilt! Start gathering all of the shirts you would like to include now!

Offered to all students after lunch. This is one of the many Arts and Crafts Activities that will be available each day. If you choose to make a T-shirt quilt though, you will need to work on your quilt every afternoon.

Week 1 & 2  
Crafting: Almerinda Andrade, Elizabeth Baldelli
**Create with Clay & Skateboard Design**

Let’s get creative in a fun studio environment! In this program, campers will explore a variety of art techniques and materials as you create two different art projects. In the beginning of the week, campers will learn to use clay to create their very own paint palette. Campers will then practice painting and drawing while creating a life size skateboard design.

**Week 1 & 2**

**ART**

Mary Kate Gaide  
Published Children’s Book Illustrator

---

**Media Mania/Graphic Design & Photography**

Be Creative! Enjoy the experience of discovering the world through photography and digital art. Expand your artistic skills into creating visual art using the latest Adobe® software. Create a logo design and take photos and videos for next year’s Summer Discovery Experience.

**Week 1 & 2**

**Design and Visual Communications**

Dennis Whitney  
Sheila McKenzie  
Deb Harper

---

**Creative Writing**

Written word, illustration & photos that tell a story.

**EXPRESS YOURSELF!**

**CREATIVE WRITING WORKSHOP**

Words matter. In this course students will have the opportunity to use their words as they delve into the art of creative writing and express themselves through the art of written expression.

Engage in a multitude of literacy activities that foster creativity, such as a literacy scavenger hunt, a day in the life photography project, a picture is worth “a million” words...

**Week 1 & 2**

**Enrichment**

Leah Long, Rachel Johnson, Jessica Epstein, Jen Goodman, Alisa Heenan
Sports /Fitness and Outdoor Activities

This ALL DAY program is designed for students who can’t get enough sports! Students will spend their morning playing and learning popular sports and games. We will offer a variety of sports such as: Floor Hockey, Basketball, Kick Ball, Volleyball, Badminton, Baseball, and more. This unique program will also emphasize physical fitness, proper stretching techniques and team work.

Skill Sessions Week 1 & 2

- Dean Diamantopoulos
Career Discovery Experience Authorization for Participation, Transportation and Emergency Medical Treatment

I give my child permission to participate in all of the activities offered in the Career Discovery Experience and give Assabet Community Education/Youth Programs permission to transport my child on field trips. I do not in any way hold this organization responsible for any injury incurred during the experience. I understand that substitutions may be made in the activity schedule due to unforeseen circumstances and that my child may be removed from the program without a refund if he/she fails to comply with our basic rules of safe conduct and courtesy to all participants and staff.

I give permission to Career Discovery Experience staff to transport my child to the nearest hospital for emergency treatment when the need for such treatment is immediate and when every effort to reach me is unsuccessful. I understand that every effort will be made to contact the parent or designee I have listed if an emergency occurs. I also give my permission to a licensed physician at the hospital to perform any such immediate medical treatment.

My child is covered by:_________________________________Health Insurance Company  Policy#______________________
